

RUBÉN TORRES

Poster for the Opening of the Fundació
Joan Miró, 1975
Joan Miró

RUBÉN TORRES

Created to commemorate the opening of the Fundació Joan Miró in Barcelona in 1975, this original lithographic poster stands both as a celebratory graphic work and as a statement of Joan Miró's artistic language. Designed in close collaboration with the inauguration of the foundation, conceived by architect Josep Lluís Sert, the poster reflects Miró's lifelong commitment to creating a space where art, experimentation, and the public could coexist freely.
